Nokia CK-600 Bluetooth Car kit

Go hands free and footloose with a brilliant dashboard screen and easily play your mobile music in the car.

The adjustable full-colour display mounts onto your dashboard, so you can easily see who is calling. Keep your contacts close Use the active call management to synchronise your contact details directly with the car kit.

Your road, your sound

Play your mobile music collection through your car's loudspeakers with outstanding audio quality.

Features:

- Provides comfortable and easy in-car hands free calling
- Adjustable and detachable 2.2 inch TFT display in 65,536 colours
- Download for two users up to 3,000 phone numbers each
- Play music through Bluetooth
- Integrates with your car's loudspeakers
- Handles up to two calls at once

Specifications

Get hands free calling, your favourite music, and an attractive dashboard screen – all in one package.

Now showing

The bright TFT (thin film transistor) screen mounts onto your dashboard and gives you info about your calls.

Handsfree talking

Switch from your handset to handsfree in your car to make talking more comfortable.

Easy interface

Accept or end calls, mute the microphone or speaker, and navigate through contacts or tracks with the Navi™ Wheel.
