

EGO TALK – compact, smart, affordable.

The compact hands-free system with MP3 playback.

EGO TALK is an intelligent entry-level solution for making and receiving calls from the comfort of your car: easy to use, elegantly designed and compact, it features Bluetooth® technology and offers exceptional sound quality. What's more, its MP3 playback function means you can connect the system to your mobile phone, iPod or any other MP3 device – so you can enjoy all your favourite tracks through your vehicle's loudspeakers, in crystal-clear stereo.
