

**uniden**

**One of Uniden's next generation vehicle security systems.**

**The VS1600XR is standards certified and is designed to meet the AS/NZS4601 immobiliser standard. It includes black security function wires and a security housing that encloses the connectors (this makes it impossible for a thief to defeat the alarm by identifying the wires or unplugging the alarm).**

**Key Features:**

- \* Dual immobiliser**
  - \* Auto re-arm**
  - \* Boot & bonnet protection**
  - \* Ignition controlled door lock**
  - \* Open door protection**
  - \* Loud Siren**
  - \* 2 stage shock sensor**
  - \* Boot release output**
  - \* Central locking output**
  - \* Manual override switch/emergency disarm**
  - \* Second car operation**
  - \* Tamper indicator**
  - \* 2 three button rolling code remote controls with panic button**
- 
- \* 4 Star Rating - New Zealand Security Association Inc.**
  - \* Comes with 12 months warranty but with a NZSA certified Installer this warranty is extended to three years.**
